SUMMARY

Professional React.js Developer with 3+ years of experience in building 10+ web applications using React.js, Next.js, and SASS. Proficient in translating Figma designs into pixel-perfect UIs, implementing business logic, and deploying projects to VPS and cPanel servers. Experienced in leading 3+ junior developers, collaborating with cross-functional teams, and refactoring code to improve performance by 30%. Seeking to contribute to a high-tech environment that fosters growth and innovation.

SKILLS

- Frontend Development: React.js, Next.js, Redux Toolkit,React query, Material-UI, Styled Components, SCSS,Tailwind,
- Version Control: Git, GitHub
- Deployment: VPS, cPanel ,docker.
- Collaboration Tools: Slack, Trello
- Other Skills: Figma to React, Code Refactoring, Performance Optimization,google map,firebase,devtools,design pratten,websocket.

PROJECTS

Food delivery system (StackFood)

- Developed the front-end of an online food delivery system used by 10,000+ users, using Next.js, React.js, Redux Toolkit, Material-UI, and Styled Components..
- Features: Food delivery and pickup, multiple payment options (cash, online).

Multi Vendor Marketplace Software (6amMart)

- Built the front-end for an online delivery system supporting 6 modules (Grocery, Food, Pharmacy, Shop, and Parcel,rental.)
- Technologies: Next.js, React.js, Redux Toolkit, Material-UI, Styled Components..

EarningsCall

- Research tools you need to invest in the public markets. We make listening to earnings calls easy.
- Technologies: React.js, Redux Toolkit,Scss, Styled Components.

PROFESSIONAL EXPERIENCE

Software Engineer (Grade 1)

6amtech | 2022 (July)- Present

- Developed and maintained the front-end of 10+ web applications using React.js and Next.js.
- Translated 50+ Figma designs into pixel-perfect, responsive UIs, achieving a 95% client satisfaction rate.
- Led a team of 3 junior developers, providing guidance and conducting 50+ code reviews to ensure code quality.
- Deployed 20+ projects to VPS and cPanel servers, ensuring 99.9% uptime and optimal performance.

Jr. Software Engineer

Codixel | 2021(Jan)- 2022(July)

- Contributed to the development of 1+ web applications using React.js and Redux Toolkit.

EDUCATION

Daffodil International University

Bachelor of Software engineering
2014 – 2019

University Laboratory School & College

Higher Secondary school certificate (Science)
2011 – 2013
